Environmental Protection:

Fuel resistant and oil resistant

Material Transparency:

Opaque

Length:

648.0 inches

Temperature Rating:

Between -20.0 degrees fahrenheit and 150.0 degrees fahrenheit

Features Provided:

Liner

Core Diameter:

3.000 inches

Nominal thickness:

0.2500 inches

Special Features:

7 in. Lg

Color:

Charcoal grey

Material:

Urethane foam

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A14300
