**Surface Luster:**

Lusterless

**Environmental Protection:**

Heat resistant and cold resistant

**Material Transparency:**

Translucent

**Width:**

2.000 inches

**Length:**

10.0 yards

**Temperature Rating:**

50.0 degrees fahrenheit

**Nominal thickness:**

34.0 mils

**Adhesive Location:**

One side

**Special Features:**

Acrylate adhesive

**Color:**

Green, light

**Material:**

Rubber synthetic basic

**Supplementary Features:**

Impact stripping tape

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A14300
