Surface Luster:

Lusterless

Environmental Protection:

Heat resistant and cold resistant

Material Transparency:

Translucent

Width:

2.000 inches

Length:

10.0 yards

Temperature Rating:

50.0 degrees fahrenheit

Nominal thickness:

34.0 mils

Adhesive Location:

One side

Special Features:

Acrylate adhesive

Color:

Green, light

Material:

Rubber synthetic basic

Supplementary Features:

Impact stripping tape

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A14300
