Surface Luster:

Lusterless

Material Transparency:

Translucent

Width:

2.000 inches

Length:

18.0 yards

Temperature Rating:

125.0 degrees fahrenheit

Min. Tensile Strength (psi):

65 pounds per square inch

Adhesive Location:

One side

Special Features:

Rubber resin

Color:

Colorless

Material:

Polyolefin film

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A14300
