End Application:

Ground control station, model upa95500-15

Width:

2.000 inches

Length:

36.0 yards

Min. Tensile Strength (psi):

156 pounds per square inch

Nominal thickness:

4.4 mils

Color:

White

Material:

Glass basic and plastic polypropylene basic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A14300
