**End Application:**

Ground control station, model upa95500-15

**Width:**

2.000 inches

**Length:**

36.0 yards

**Min. Tensile Strength (psi):**

156 pounds per square inch

**Nominal thickness:**

4.4 mils

**Color:**

White

**Material:**

Glass basic and plastic polypropylene basic

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A14300
