End Application:

Eurofighter 2000

Length:

60.0 yards

Min. Tensile Strength (psi):

10 pounds per square inch

Adhesive Location:

One side

Color:

Gray background

Material:

Plastic polyvinyl basic

Material Specification:

Goeing bms5-157 type i, iii, and iv; grade a and b; form i assn standard all material responses basic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A14300
