Specific Usage Design:

For use on recorders and recorder controllers

Roll Outside Diameter:

12.000 inches

Ruling Division:

Direct reading, 8 day operation

Sprocket Feed:

Not included

Special Features:

0 to 80 units range

Color:

White

Reference Number Differentiating Characteristics:

For 8 day operation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T393-a
