**Assembly Method:**

Adhesive

**Material And Location:**

Plastic, polyolefin single wall

**Basis Weight And Location:**

20.0 pounds per 500 sheets 17 x 22 single wall

**Special Features:**

Spunbonded polyolefin; 100 pct high density polyethylene fibers, self-bonded, 9.500 x 12.500 in., open end, center and bottom seam, pressure sensitive gum

**Color:**

White

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**
