Width:

1.600 inches

Thickness:

0.0024 inches

Length:

0.600 inches

Attachment Method:

Pressure sensitive adhesive

End Application:

C-12512/usg-2 control processor, input/output radio frequency

Basic Shape Style:

Square

Adhesive Location:

Back

Product Name:

Label identification - high temperature, pressure sensitive adhesive backed

Color:

Clear

Material:

Plastic polyvinyl fluoride

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A529g0
