Width:

0.385 inches

Thickness:

0.0024 inches

Length:

1.140 inches

Attachment Method:

Pressure sensitive adhesive

End Application:

C-12512/usg-2 control processor, input/output radio frequency

Basic Shape Style:

Rectangular

Adhesive Location:

Back

Product Name:

Label identification - high temperature, pressure sensitive adhesive backed

Special Features:

Label and overlaminare are supplied separately; clear overlaminare shall be applied to label after marking

Color:

White

Material:

Plastic polyvinyl fluoride

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A529g0
