Publication Media Type:

Paper support

Document Title:

Optimization approaches to network topology design for dynamic distributed wireless sensing in a hostile environment

Subject Matter:

Dissertation

Author:

Joshi, abhay, phd

National Language:

English

Special Features:

University of new york at buffalo, 2006, 118 pages, advisor, batta, rajan, nagi, rakesh

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T110-b
