Product Name:

Diaster assistance visual language translator 24-panel foldable

Special Features:

This translator was designed specifically to help disaster aid workers across all volunteer and professional services. Provides an essential tool to help bridge language barriers, quickly assess need and render appropriate assistance both in the field and in post-event shelter situations. It offers aid workers and victims the ability to communicate food, clothing, shelter, hygiene, health and child care needs by pointing to carefully developed pictures and graphics; contains basic assistance phrases phonetically spelled in eight different languages, and has a nationality identification chart to assist in finding an appropriate interpreter when necessary; the compact, hinge-laminated format makes it easy to handle and wipe clean, and fits most pockets for quick access
