Width:

1.120 inches

Thickness:

0.006 inches

Length:

3.560 inches

Environmental Protection:

Corrosion resistant and hydrocarbon fuel and water resistant and weather resistant

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Gun firing circuit tester 1st side

Color:

White inscription background

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A529d0
