Width:

2.660 inches

Thickness:

0.003 inches

Length:

3.000 inches

Basic Shape Style:

Rectangular

Marking Designation:

Legend

Inscription:

Mirror positioner azimuth p/n 19200 11747020 ser. No., hot mockup system measurements r-t unit s/n --- eu, s/n, ranging performance, tester s/n, out energy, receiver sens, r-t tester, s/n, out energy, receiver sens, pfn meter, s/n, out energy receiver sens, analog. Range voltage, type meter, s/n, ref. Voltage, btl rn (1200m)

Color:

Natural inscription

Material:

Aluminum alloy

Material Specification:

Ams 7202, type 1149-h19 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A529m0
