## Width:

Between 1.470 inches and 1.530 inches

## Length:

Between 2.750 inches and 2.810 inches

# **Environmental Protection:**

Cold resistant and corrosion resistant and water resistant and dirt resistant

#### **Basic Shape Style:**

Rectangular

#### Usage Form:

Singular

#### **Marking Designation:**

Symbol single side

#### Inscription:

Right head arrow single side

#### Color:

White single side inscription background

#### Material:

Plastic

## **Specification Data:**

81349-mil-m-43719, type 1, class 1 government specification

#### Shelf Life:

N/a

#### Unit Of Measure:

--

## Demilitarization:

No

#### Fiig:

A529m0
