**Width:**

Between 1.230 inches and 1.270 inches

**Thickness:**

0.031 inches

**Length:**

Between 1.480 inches and 1.520 inches

**Environmental Protection:**

Chemical resistant and hydraulic fluid and solvent resistant and salt spray resistant

**End Application:**

An/alq131 ecm pod

**Basic Shape Style:**

A1a square w/rounded corners

**Inscription Height:**

0.160 inches

**Inscription:**

Danger high voltage 15,000 volts

**Features Provided:**

Sheet

**Product Name:**

Label, warning

**Special Features:**

First word inscription danger is 0.160 in. H, second line is high voltage is 0.140 in. H, third inscription is 15,000 volts is 0.120 in. h: upper left corner has a hole 0.187 in dia

**Color:**

White inscription and black inscription

**Material:**

Plastic polyvinyl chloride

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A529g0
