Width:

Between 1.230 inches and 1.270 inches

Thickness:

0.031 inches

Length:

Between 1.480 inches and 1.520 inches

Environmental Protection:

Chemical resistant and hydraulic fluid and solvent resistant and salt spray resistant

End Application:

An/alq131 ecm pod

Basic Shape Style:

A1a square w/rounded corners

Inscription Height:

0.160 inches

Inscription:

Danger high voltage 15,000 volts

Features Provided:

Sheet

Product Name:

Label, warning

Special Features:

First word inscription danger is 0.160 in. H, second line is high voltage is 0.140 in. H, third inscription is 15,000 volts is 0.120 in, h: upper left corner has a hole 0.187 in dia

Color:

White inscription and black inscription

Material:

Plastic polyvinyl chloride

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A529g0
