**Width:**

Between 1.230 inches and 1.270 inches

**Thickness:**

0.031 inches

**Length:**

Between 1.480 inches and 1.520 inches

**Environmental Protection:**

Chemical resistant and hydraulic fluid and solvent resistant and salt spray resistant

**End Application:**

An/alq131 ecm pod

**Basic Shape Style:**

A1a square w/rounded corners

**Inscription Height:**

0.160 inches

**Inscription:**

Danger high voltage 10,000 volts

**Features Provided:**

Sheet

**Product Name:**

Label, warning

**Special Features:**

First word inscription danger is 0.160 in. In, h, second line is high voltage is 0.140 in, h, third inscription is 10.000 volts is 0.20 in h. Upper left corner has a hole 0.187 in. Dia

**Color:**

White inscription and black inscription

**Material:**

Plastic polyvinyl chloride

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A529g0
