Width:

Between 1.180 inches and 1.220 inches

Length:

Between 0.084 inches and 0.088 inches

Attachment Method:

Pressure sensitive adhesive

Depth:

0.010 inches

Basic Shape Style:

Rectangular box

Inscription Height:

Between 0.040 inches and 0.080 inches

Adhesive Location:

Back

Inscription:

Regulator, oxygen, demand cru-103a/p

Product Name:

Label, identification

Special Features:

Plate to conform to mil-p-19834, aluminum foil with permanent pressure sensitive adhesive, 3m co part no 7941 or engineering dept approved equivalent, characters, blanks, and border to be natural aluminum on lusterless black background, color no 37038 iaw fed-std-595

Color:

Black, lusterless inscription background

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A529g0
