Width:

0.880 inches

Thickness:

0.003 inches

Length:

2.250 inches

Attachment Method:

Pressure sensitive adhesive

Basic Shape Style:

Rectangular

Adhesive Location:

Back

Inscription:

Attention observe precautions for handling electronic sensitive devices

Product Name:

Label, caution-esd

Special Features:

Adhesive backing per mil-p-19834, type 1; construct per mil-p-15024, ty g, satin finish; corner radii are 0.190 inches each

Color:

Yellow inscription background

Material:

Aluminum

Material Specification:

Qq-a-250/1 federal specification single material response or qq-a-250/8 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A529g0
