**Width:**

Between 64.7 millimeters and 65.3 millimeters

**Thickness:**

Between 0.9 millimeters and 1.1 millimeters

**Length:**

Between 149.5 millimeters and 150.5 millimeters

**End Application:**

Tractor, wheeled, industrial

**Basic Shape Style:**

Rectangular

**Usage Form:**

Singular

**Product Name:**

Plate, instruction

**Special Features:**

Transportation plate, bucket

**Material:**

Aluminum

**Material Specification:**

A-a-50271 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A529m0
