**Width:**

4.875 inches

**Length:**

7.750 inches

**Attachment Method:**

Pressure sensitive adhesive

**End Application:**

3895-01-599-9380 mixing paint, asphalt

**Basic Shape Style:**

Rectangular

**Quantity Per Form:**

1

**Adhesive Location:**

Back

**Inscription:**

Warning; to ensure that the flame scanner is working properly, manually restart the heater twice daily. If the scanner is not working properly it will prevent a restart and should be replaced. Never disconnect the scanner temporarily to restart the heater. That would prevent it from shutting off fuel in case of a flame failure. This could cause an explosion and fire, causing injury or death.

**Product Name:**

Label, flame scanner

**Color:**

Red and white and black inscription background

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A529g0
