Voltage Rating In Volts:

115.0 ac or 115.0 dc

Furnished Items And Quantity:

On (1) hose assembly; two(2) dust proof bags; one(1) flat nozzle; one(1) wall brush; one(1) metal nozzle; one(1) spray attachment; one(1) 50 foot cord; one(1) shoulder strap

Separator Type:

Exposed

Design Type:

Hand

Operation Method:

Electric

Input Wattage Rating In Watts:

500.0

Revolving Brush:

Not included

Blower Outlet:

Not included

Water Lift Design Feature:

Not included

Product Name:

Cleaner vacuum electric: hand type exposed separator

Phase:

Single

Special Features:

Electric operation; 500 maximum input wattage; for shipboard use

Frequency In Hertz:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T309-a
