Mounting Type:

Wheel

Voltage Rating In Volts:

240.0 ac

Furnished Items And Quantity:

4m x 35.0mm extraction hose, 1; crevice tool, 1; universal hose adapter, 1; dust bag, 1.

Separator Type:

Inclosed

Design Type:

Canister

Operation Method:

Electric

Unpackaged Unit Weight:

11.0 kilograms

Input Wattage Rating In Watts:

1200.0

Air Consumption Rate:

3420 litre per minute

Revolving Brush:

Not included

Blower Outlet:

Not included

Water Lift Design Feature:

Included

Product Name:

Vacuum extractor type 1

Phase:

Two

Special Features:

Power take off rating: 2200.0 watts; capacity: 45.0 litre; wet/dry capacity: 45.0 litre; length: 505.0 mm; height: 640.0 mm; flat pleated filter with power filter cleaning device, impact resistant composite housing and protected control panel.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T309-a
