Overall Length:

6.000 inches

Filling Material:

Wire

Spiral Design:

Single

Brush Part Diameter:

0.125 inches

Brush Part Length:

0.750 inches

Criticality Code Justification:

Zzzy

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T194-e
