Physical Form:

Concentrated liquid

Asphalt Surface Usage Feature:

Not included

Water Usage:

Required

Primary Container Content Quantity:

6.000 gallons

Total Primary Container Quantity:

6

Special Features:

Concentrated, biodegradable, natural hydrocarbon solvent (non-petroleum) formulated to clean soils such as heavy grease, oils, carbonized deposits, tar, lubes, waste fats and rubber marks. Has a citrus-pine odor. Dilution ratios vary from 1: 4 to 1: 20 for light soils, 1: 2 to 1: 10 for medium soils and 1: 1 to 1: 2 for heavy soils

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T329-a
