Physical Form:

Powder

Nontoxic Feature:

Included

Corrosive Characteristics:

Noncorrosive

Primary Container Type:

Box

Total Primary Container Quantity:

56

Extra Long Reference Number:

Meterpak 123 septic cleaning compound

Special Features:

Primary container content quantity-30 grams; packaged in water soluble packets; used on a routing basis, this natural enzyme requires 1 pouch per week for most applications; application dosage is dependent on size and condition of system

Reference Number Differentiating Characteristics:

Eln

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T329-a
