End Application:

Ecolab oasis cleaning chemical dispensing system

Unit Package Quantity:

1

Physical Form:

Liquid

Unit Package Type:

Box with integral plastic container

Quantity Within Each Unit Package:

2.500 gallons

Ingredient Classification:

Any acceptable

Solvent Type:

Water

Specific Use:

Oasis 125xp

Special Features:

Acid-based formula penetrates and removes mineral deposit film build-up in the pores of quarry tile

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T00400
