Physical Form:

Concentrated liquid

Asphalt Surface Usage Feature:

Not included

Water Usage:

Required

Primary Container Content Quantity:

2.000 liters

Total Primary Container Quantity:

6

Environmental Attribute Code:

Low volatile organic compound - household consumer products

Special Features:

A concentrated cleaner that is compatible with the 3m twist'n fill cleaning chemical management system, each two (2) liter bottle shall yield four (4) ready to use gallons of cleaner after dilution, product passes ams 1550a cleaner tests for cleaning the interior of aircraft, the product also passes ams 1530b cleaner tests for cleaning the exterior surfaces of aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T329-a
