Physical Form:

Concentrated liquid

Primary Container Content Quantity:

1.000 gallons

Total Primary Container Quantity:

4

Environmental Attribute Code:

Low volatile organic compound - household consumer products

Special Features:

Concentrated carpet extraction cleaner compatible with advanced generation fibers and safe to use on all synthetic carpets, low foam formula for use in high pressure carpet extractors; dilution ratio 1: 128

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T329-a
