Physical Form:

Concentrated liquid

Primary Container Content Quantity:

1.000 gallons

Total Primary Container Quantity:

4

Environmental Attribute Code:

Low volatile organic compound - household consumer products

Special Features:

A concentrated, low foaming liquid extraction cleaner compatible with high pressure extractors; the product does not contain optical brighteners and is compatible with hard water; use dilution of 1: 160

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T329-a
