Physical Form:

Concentrated liquid

Asphalt Surface Usage Feature:

Not included

Water Usage:

Required

Primary Container Content Quantity:

2.000 liters

Total Primary Container Quantity:

6

Environmental Attribute Code:

Low volatile organic compound - household consumer products

Special Features:

Concentrated general purpose cleaner is formulated to clean floors, walls and most other non-porous surfaces. The product is to be diluted and dispensed using the 3m twist-n-fill cleaning chemical management system. Box contains 6, 2-liter bottles, each 2-liter bottle yields 35 ready-to-use gallons

Supplementary Features:

Meets the volatile organic content (voc) specified under the California VOC emissions for consumer products requirements, 40 g/l

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T329-a
