Physical Form:

Liquid

Nontoxic Feature:

Not included

Corrosive Characteristics:

Noncorrosive

Primary Container Content Quantity:

1.000 gallons

Total Primary Container Quantity:

4

Special Features:

Deodorant, drain treatment; ready-to-use, white liq bacterial culture for genral deodorization, cleaning, maintenance of drains and grease traps, safe, non-pathogenic living organisms destroys bacteria that cause odors or create stoppages in drains, grease traps; not pathogenic to humans, animals, marine life, non-staining; can use where soap water used

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T329-a
