Physical Form:

Liquid

Level Of Dermal Irritation Potential:

Slight

Special Features:

Contains nothing considered hazardous by state or federal regulations; pleasant odor; clear; specific gravity 1.06; pH 12.0-12.4; evaporation weight as water; boiling point 215 degF; freezing point 27 degF; not flammable; stable; polymerization will not occur; chemical goggles and rubber gloves for protection; designed for removing gummy deposits that form in aircraft toilet systems

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T329-a
