Physical Form:

Gel

Asphalt Surface Usage Feature:

Not included

Water Usage:

Required

Special Features:

Jel-add gelling agent for use with dubois products is concentrated, powdered gelling agent additive which is dissolved in hot water to form a viscous gel; the gelled cleaner will hold a thick film on the surface for 1/2 hour or longer to attack the soil; soil and gel are removed with a pressure rinse (hot water is preferred); designed for the food and beverage; forms a thick, viscous gel for improved cleaning results; gel allows for extended chemical contact time on vertical surfaces; compatible with alkaline, chlorinated alkaline, and acid detergents

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T329-a
