Physical Form:	
Liquid	
Features Provide	d:
Concentrated	
Primary Containe	er Content Quantity:
1.0 gallons	
Total Primary Co	ntainer Quantity:
4	
Volatile Organic (Compound In Grams Per Liter:
0.0	
Environmental At	tribute Code:
Low volatile organi	ic compound - household consumer products
Special Features:	
Truck and trailer w	rash shine with wax polymer; performs as a wash and shine function in one step; cleans soils and leaves a waxed, shi
like new surface;	contains a high concentration of synthetic detergents, wetting agents, foam stabalizer and water softeners; meets
california volatile o	organic compound (voc) emissions for consumer product requirement; box contains 4, 1 gallon contaers
Shelf Life:	
N/a	
Unit Of Measure:	
Demilitarization:	
No	
Fiig:	
T329-a
