Application Method:

Spraying as is or dipped

Quantity Within Each Unit Package:

1.000 gallons

Gloss Designation:

Gloss

Basic Material Type:

Nitrocellulose

Coloring Method:

Pigmented

Volatile Organic Compound In Grams Per Liter:

544.0

Special Features:

Alkyd nitrocellulose; for use on electrical equipment, instruments and switchgear

Color:

Black

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A09700
