Specific Use:

Metal

Quantity Within Each Unit Package:

16.000 ounces

Pigment Material Type:

Extender and zinc yellow

Vehicle Material Type:

Alkyd resin solution and driers and thinner

Recoating Air Drying Time:

6.0 minutes

Special Features:

Cellulose-nitrate type; for use as a corrosion inhibiting primer over pretreatment coating conforming to mil-c-8514

Color:

Yellow

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A09700

Mil-std (military Standard):

Mil-p-7962 spec.
