Specific Use:

Aircraft

Application Method:

Spraying as is

Shade Identification:

4725

Quantity Within Each Unit Package:

1.000 gallons

Gloss Designation:

Eggshell

Pigment Material Type:

Lampblack and aluminum stearate

Special Features:

Shade source general dynamics corp; pigment material type celite 165-s and magnesium silicate

Color:

Black

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A09700
