| Features Provided:                    |
|---------------------------------------|
| Exceeds 0.06 percent lead by weight   |
| <b>Basic Formulation Type:</b>        |
| Liquid mixture direct application     |
| Color:                                |
| Yellow                                |
| <b>Departure From Cited Document:</b> |
| As modified by unit of quantity       |
| Shelf Life:                           |
| N/a                                   |
| Unit Of Measure:                      |
|                                       |
| Demilitarization:                     |
| No                                    |
