**Specific Use:**

Touch-up

**Quantity Within Each Unit Package:**

1.000 quarts

**Content Within Each Unit Package:**

Consists of component a (epoxy resin) and component b (hardener) to equal 1 quart

**Features Provided:**

Fire retarding characteristics

**Vehicle Material Type:**

Epoxy resin

**Special Features:**

For patching corvel powder coating 17-5005

**Color:**

Blue

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A09700
