Specific Use:

Touch-up

Quantity Within Each Unit Package:

1.000 quarts

Content Within Each Unit Package:

Consists of component a (epoxy resin) and component b (hardener) to equal 1 quart

Features Provided:

Fire retarding characteristics

Vehicle Material Type:

Epoxy resin

Special Features:

For patching corvel powder coating 17-5005

Color:

Blue

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A09700
