Specific Use:

Tank interior surfaces

Application Method:

Spraying as is

Content Within Each Unit Package:

Consists of 3.7 gallons of component a in a 5 gallon pail and 1 gallon of component b

Gloss Designation:

Gloss

Coloring Method:

Pigmented

Color Chip Number:

17875

Special Features:

Fuel and immersion resistant; component a contains fluorinated polyol, pigments, and solvents; component b contains aliphatic polyisocyanate and solvents

Color:

White

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A09700
