## NSN 8010-01-358-3426

Polyurethane Coating - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/8010-01-358-3426

(	General purpose
	Application Method:
S	Spraying as is
C	Quantity Within Each Unit Package:
2	2.000 quarts
(	Content Within Each Unit Package:
(	Consists of component a (base) and component b (activator) to equal 2 quar
F	Features Provided:
L	Lead free and chromate free
(	Gloss Designation:
0	Gloss
(	Coloring Method:
F	Pigmented
E	Basic Formulation Type:
F	Polyurethane
F	Rated Drying Time:
2	2.000 hours
(	Color Chip Number:
1	3655
۱	/olatile Organic Compound In Grams Per Liter:
2	420.0
E	Environmental Attribute Code:
L	ow volatile organic compound - coatings - aerospace operations coatings
Ś	Special Features:
S	Self-priming topcoat
(	Color:
١	fellow
Ś	Shelf Life:
٢	N/a
ι	Jnit Of Measure:
-	-
0	Demilitarization:
٢	No
F	Filg:
	A09700
