Physical Form:

Liquid

Quantity Within Each Unit Package:

55.000 gallons

Solvent Type:

Organic

Volatile Organic Compound In Grams Per Liter:

776.0

Special Features:

Tank type; non-phenolic, biodegradable; for stripping paint from aircraft wheels, landing gear components and other aircraft and support equipment

Specification Data:

81349--83936-055g government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A09700
