**Physical Form:**

Liquid

**Quantity Within Each Unit Package:**

55.000 gallons

**Solvent Type:**

Organic

**Volatile Organic Compound In Grams Per Liter:**

776.0

**Special Features:**

Tank type; non-phenolic, biodegradable; for stripping paint from aircraft wheels, landing gear components and other aircraft and support equipment

**Specification Data:**

81349--83936-055g government specification

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A09700
