End Application:

Hp10-7 helicopter

Application Method:

Brushing as packaged or dipped or spraying as is

Product Name:

Coating, polyurethane, conformal

Special Features:

Used for conformal coating application; general application; storage life storage in the original unopened container at temperatures between 40 degrees and 90 degrees f for a of 12 months; the viscosity of the coating material after combining and mixing the two components shall be from 18 to 20 seconds

Supplementary Features:

The cured coating shall be resistant to fingernail scraping; adequate ventilation should be used in the area of its usage; skin contact with the material may cause skin sensitization; maintain mixture at 24 degrees porm 3 degrees cduring testing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A09700
