**Specific Use:**

Ship/boat exterior

**Application Method:**

Brushing as packaged or roller or spraying as is or spraying after thinning

**Quantity Within Each Unit Package:**

1.000 gallons

**Features Provided:**

Low voc

**Gloss Designation:**

Semigloss

**Vehicle Material Type:**

Silicone

**Rated Drying Time:**

30.000 minutes

**Color Chip Number:**

26008

**Volatile Organic Compound In Grams Per Liter:**

333.0

**Special Features:**

Silicone alkyd; high solids; single component; 30 minute dry to touch, 29 hour dry hard time at 77 degrees f; for above water areas

**Color:**

Gray

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A09700
