Specific Use:

Ship/boat exterior

Application Method:

Brushing as packaged or roller or spraying as is or spraying after thinning

Quantity Within Each Unit Package:

1.000 gallons

Features Provided:

Low voc

Gloss Designation:

Semigloss

Vehicle Material Type:

Silicone

Rated Drying Time:

30.000 minutes

Color Chip Number:

20109

Volatile Organic Compound In Grams Per Liter:

333.0

Special Features:

Silicone alkyd; high solids; single component; 30 minute dry to touch, 29 hour dry hard time at 77 degrees f; for above water areas

Color:

Brown

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A09700
